

Vaccine/ Microchip/ License/Test Event

Instructions:

Please read this entire page.

Come prepared to stay in your car and wait in line, fill out paperwork completely, and have exact change in cash or a check. Debit/Credit will not be accepted. Proceed to the end of the line and wait for your turn. When you get close to the shelter, someone will approach your car to check your paperwork.

If you wish for your pet to receive a 3 year Rabies vaccine, you **MUST SHOW PROOF** that it has previously received at least one Rabies vaccine. If you do not have it with you, your pet will receive a 1 year Rabies Vaccination.

Please stay home if you are not feeling 100% well or have a fever. If your pet is not 100% well, keep it home. This is a wellness event. The veterinarian will not have time to diagnose or treat sick animals at this event and is unlikely to vaccinate a sick animal.

Please have your dog(s) on a leash and your cat(s) in a secure carrier. Please remain in your car. Your pet will be taken into the building by our staff, receive a basic physical and the vaccines/microchip you have purchased will be administered. Please be realistic about whether your animal will be amenable to this process or not. If we feel we cannot safely take your animal into the building and administer the injection(s), we reserve the right to refuse to do it. HSWC will not be responsible for escaped animals. Please make sure you can safely restrain them prior to opening your car door. If you need a carrier for your cat, please request one when you fill out paperwork and we will try to accommodate. The best plan would be to obtain or borrow one before putting your cat in your vehicle.

Microchip registration information, Test Results, Scripts, Rabies certificates and License tags will be mailed to you during the week after the clinic.

THANK YOU for your participation and cooperation! Prices below. Please call and leave a message if you have questions 715-258-2545, or email waupacahumane@yahoo.com

Dogs		Cats	
Rabies	\$15	Rabies	\$15
DAPPV (Distemper)	\$15	FVRCP (Distemper)	\$15
Bordatella (Kennel Cough)	\$15	-	
Microchip/Registration	\$20	Microchip/Registration	\$20
Package- all of the above	\$60	Package- all of the above	\$45

We can do a heartworm test on your dog, if you'd like, for an additional \$30. A small amount of blood will be drawn and the test will be run. You will receive the results and a prescription (if test is negative) via US Mail the following week. You can then purchase heartworm preventative from your regular Vet Clinic or online and start your dog on that immediately.

Forms of payment accepted: Cash, Check
